ABOUT ME

Engineer with more than 5 years of experience, passionate about learning the latest technologies for iOS development looking for better performance. I enjoy discussing and discovering as a team player new approaches for clean and scalable software design

SKILLS

Clean Architecture
Unit Testing
Swift (Programming Language)
Screenshot Testing
MVVM

LANGUAGES

English | Upper-Intermediate
Spanish | Native

EXPERIENCE

iOS Developer   Jun 2023 - Aug 2023
Empowerment Labs - Bogotá, Colombia

- Migrate features from MVVM to Clean architecture
- Detected and solve technical debt
- Contributing to continuous iOS area processes improvement
- Provide feedback and generate constructive criticism

iOS Developer   Jun 2022 - May 2023
Uber - Bogotá, Colombia

- Build scalable, reusable, high-performance, and quality architectures
- Architect and implement features as per detailed product specs and high-fidelity designs
- Delivering clean, well-designed code in small functional increments.
- Contributing to continuous process improvement
- Detecting and correcting creeping technical debt
- Provide feedback and generate constructive criticism

iOS Developer   Oct 2021 - May 2023
Cornershop by Uber - Bogotá, Colombia

- Review and refactor existing code into high quality code.
- Design reliable and reusable code.
- Ensure the best performance and usability of applications.
- Know how to identify and correct bottlenecks, perform debugs and fixes.
- Along with the rest of the team, help maintain the quality, organization and automation of the entire application stack.

Mid level iOS Developer   Nov 2019 - Oct 2021
Hexacta - Bogotá, Colombia

- Build new features and custom products
- Contribute to architecture decisions and selection of tools and processes
- Contribute within a multifunctional team with different people: Product Managers, UX Designers, Developers, Testers, etc.

Developed Apps: Nearpod, Yotel.

Mid level iOS Developer   May 2019 - Oct 2019
Peiky - Bogotá, Colombia

- Responsible for implementing new features
- Bugs fixing and solution of technical debt
- Knowledge of software architecture, design patterns and SOLID principles
- Dependency Injection
- Architecture patterns such as Viper and clean architectures
- Implementation of third-party libraries
- Local data storage

Junior iOS Developer   Mar 2018 - May 2019
Kubo Mobile - Bogotá, Colombia

- Responsible for implementing new features
- Code quality maintenance
- Development of custom apps using MVVM
- RxSwift Reactive Programming
- Joint work with UI and QA teams

Developed Apps: Pidelo, Laika, Terridata, Bazzaio, Leal.

📜 EDUCATION

Telematic Engineering   2013 - 2017
University Francisco Jose de Caldas - Bogotá, Colombia

🎓 CERTIFICATES AND COURSES

Curso de Desarrollo de Aplicaciones iOS con SwiftUI
Platzi
Expedición: mar. 2022
ID de la credencial 590ffdac-e7f6-4571-97d1-b4a7bbff7837

Curso de SwiftUI desde Cero
Platzi
Expedición: mar. 2022
ID de la credencial 30fc7cff-c84a-4415-a4c1-e430f295a67d

iOS Mobile Developer
Platzi
Expedición: mar. 2022
ID de la credencial b04e5f70-310c-4840-b59c-063cbb87bdab
